Message from Goodwill TORP –K.C.Patti

Dear Sponsor,

Greetings from Goodwill Children Homes Tamil Nadu and TORP (Tribal out Reach Programme)

We are very pleased to share the information about your sponsor Village Nallurkadu. The Villagers and the children were happy to send their love and best wishes to you and your lovely family. We would like to presenting with you pictorial presentation of your village as on today. Something that your contribution of input will transform their lives and styles.

Your sponsor is helping the villagers to know that someone is far way to thinking about them and caring about their family. Your energy sponsorship is bringing confident to the community and will help them talk about their important issue like giving their education and overall improving the atmospheres they were live in.

There are 17 boys and 10 girls are from this village studying at Tribal welfare School run by Government of Tamil Nadu in India and there are two boys and five girls studying in higher secondary schools locate far off from the village. There are 2 girls and 1 boy from this village studied college and University; one in completed M.SC, BSc and the boy completed B.Com in around Dindigul district. One girl is called Sujithayalini IV class stay and studying at Goodwill Children homes at Thandigudi.

The main problem of this village is good roofing for their shelters and free from dump during the rainy season. In addition to express their houses status with few pictures illustration for your kind information.

Nallurkadu villagers are agricultural dependents; usually, they are very experts in doing coffee and pepper field works and earning money for living. During a month we have plenty of rain, so no problem to get works from small and big farmer's .Why? I am refer and saying this because, last six months all people was not allow for any kind works in the fields. People was taken rest at home without peace. People met difficult situation for even drinking water; all the wells and drills water were gone out. Meanwhile, these villagers are lucky because, Goodwill TORP was provided a borehole point for School 4 years ago. The School borehole was helped the people to use Drinkwater. During that period people was celebrated Goodwill in high sprit.

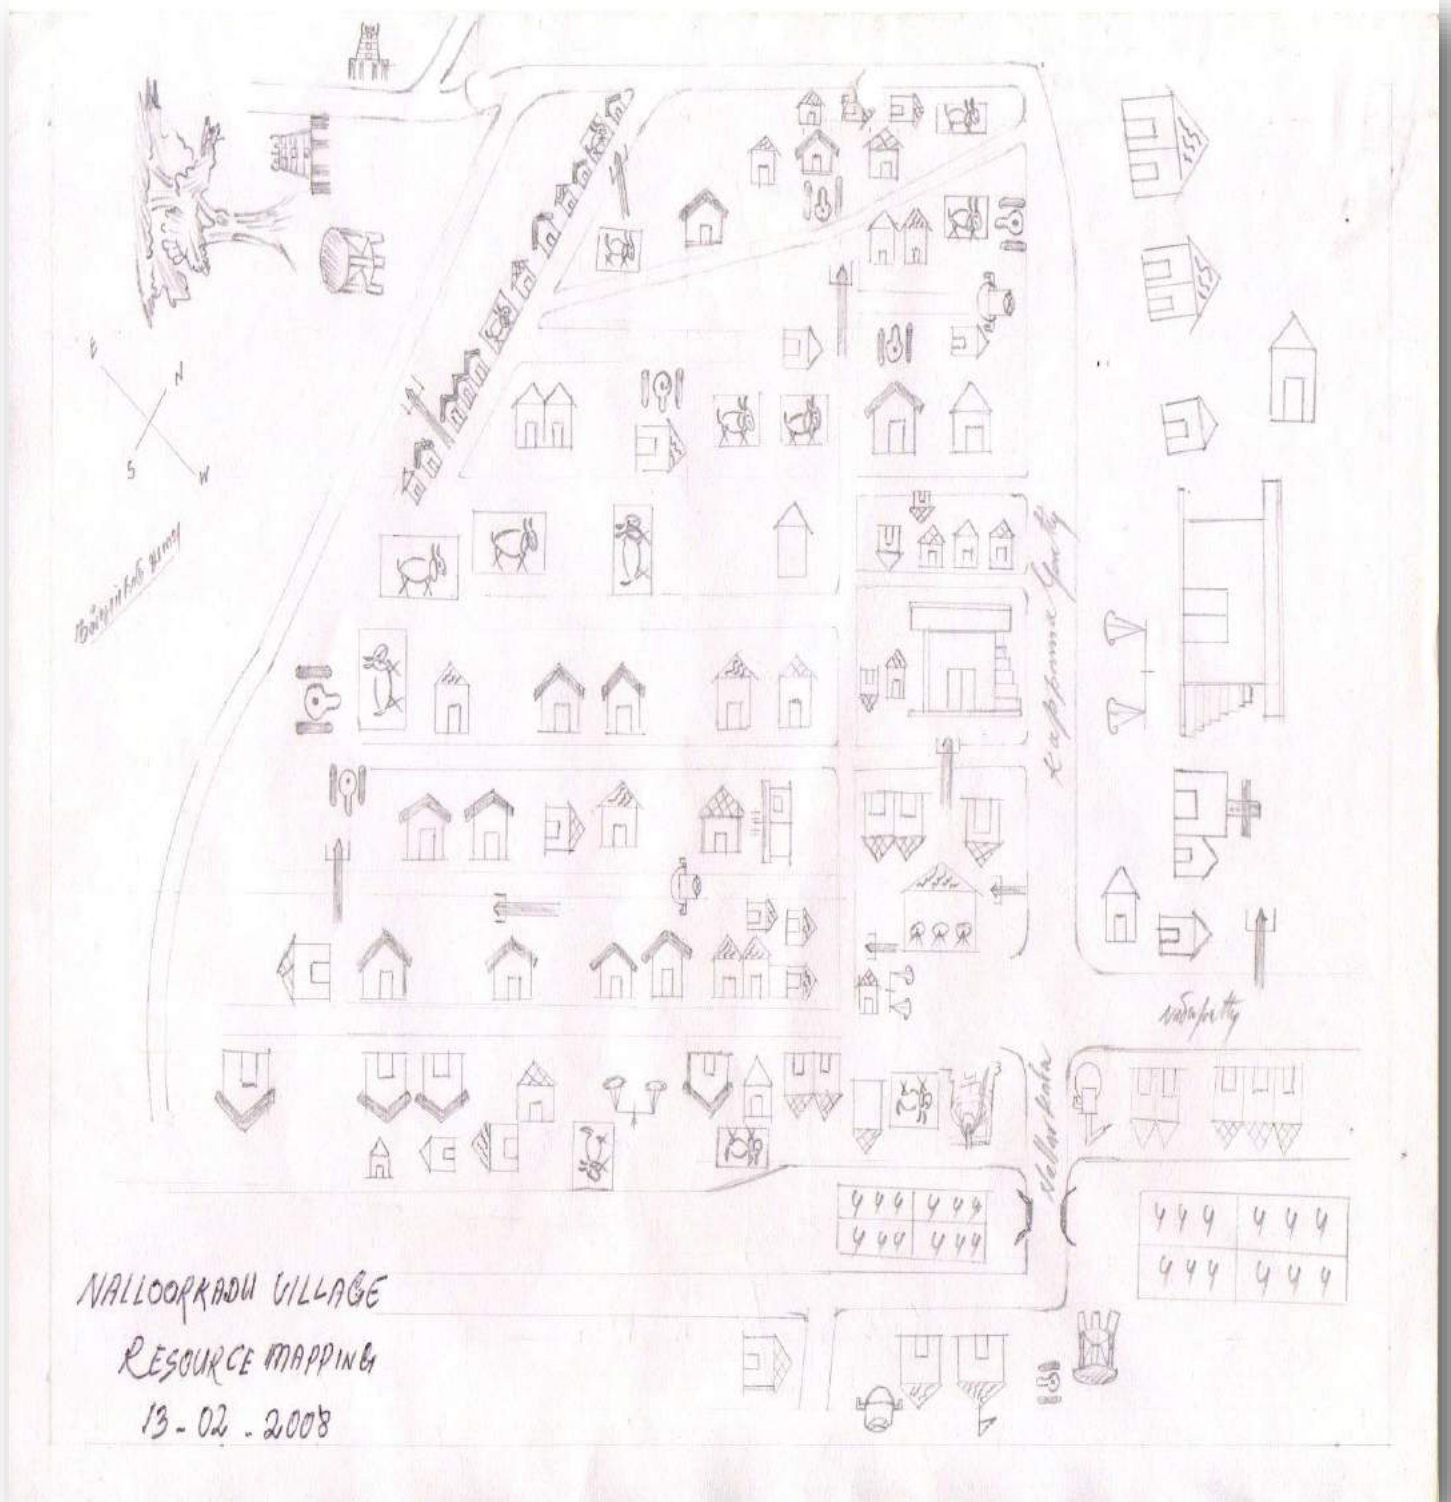

Mr.Murugeswaran from this village and parent of 4 children has written a letter to you and also scholar from B.Com Degree holder is also written thanks letter to you. You can enjoy the pictures and letters.

The children and adult of this village, Goodwill Trustees U.K, Goodwill members India, Goodwill staff (U.K) and India extend their heartfelt thanks for all your support and encouragement in the past as well as for the future.

With warm Regards

Dear Sponsor

This is Murugeshwaran writing this loving letter. I am and my family members are very well. I hope you and your family members are very well. We are habitats at Nallurkadu village. We have a primary school up to 5th class. After successful completion of Vth class children could drives to School 50 kilometre far off from home and stay at residential Schools outside the area. We are traditionally living here and we are all depends on agricul-tural field for earnings. General-ly, men gets rupees 200 and women gets rupees 160 a day as regular Cooley. This earnings is inadequate to meet out even food and clothing. Basically, we struggled in high to meet out

medical expenses, children education and some other significant expenses from our earnings.

I have a wife called Ranjitham and 4 girls 1 boy at my home. My elder son Visugousikwaran is studying 12th class at Dudley Higher Secondary School Dindigul with help of Goodwill TORP, two elder girls were staying, studying at boarding hostel Batlagundu with support help of Goodwill TORP and my last and cute daughter called Sujithayazhlini who is boarding at Goodwill Home Thandigudi.

Under this critical situation Goodwill TORP is being help us to sponsor our children education. We are feel very warm and pleasure to obtain such a brilliant help from Goodwill Society Tamil Nadu.

During, last six month we did not get any drop of rain, we been struggle to devour even drinking water and on other side last 10 days we get plenty of rain. Therefore, the coffee picking season is to start, men and women will be very busy to work hard and earn money.

House roofs are terribly damaged in my village; during the raining time people will be suffer lot and they are wanting to stay with dump. Many of roofs were covered by plastic papers for free from leaking.

There is no toilet facilities in the houses so, the sanitation and hygiene is seems very poor at village.

Yours lovingly

P.Murugeshwaran
